REVOLT Magazine Exclusive Media Partner for Christine Carrier Arts' "12 Nights of Openings"

August 30, 2015, New York, NY - Christine Carrier Arts is delighted to announce our exclusive media partner for "12 Nights of Openings" REVOLT Magazine.

A mini-art fair, a mix of private events for collectors and public events for art enthusiasts, "12 Night of Openings" takes the large scale art fair paradigm and tailors it to a jewel-box space, Studio 26 Gallery, in the dynamic art scene of the East Village.

REVOLT Magazine is an alternate, innovative source of art commentary distributed freely in the greater New York City Area and beyond.

Published by Scotto Mycklebust, an artist, community organizer and trailblazer of the West Chelsea Arts District, REVOLT Magazine as an outgrowth of his Public Art Squad Project, an artistic platform fostering social and political change through artistic expression, development and community engagement.

Christine Carrie Arts is an art world concierge management company with experience producing art fairs and pop up events in NYC and Miami, as well as consulting with galleries on market strategies to increase their visibility and brand recognition.
